

Create a simple cloud software application for Students Attendance System using any Cloud Service Provider to demonstrate SaaS include the necessary fields such as name of the students, course, present, Absent, course attendance, OD request, grade, attendance percentage, etc.

The screenshot shows the 'Student Information' form in the CourseCompass application. The form is divided into three sections: Personal information, Academic information, and Contact details. The Personal information section includes fields for Name (First Name and Last Name), Age, Gender (a dropdown menu), and Date of birth (a date picker). The Academic information section includes fields for Course (a dropdown menu) and Batch (a dropdown menu). The Contact details section includes fields for Phone (a dropdown menu for country code and a text field for the number) and Email (a text field with an email icon). The form is displayed on a web browser with the URL 'creatorapp.zoho.in/shaikimrans1235.sse_saveetha/coursecompass/#Form:Student_Information'. The browser's address bar shows the URL, and the page title is 'CourseCompass'. The sidebar on the left contains a list of navigation items: Student Information, All Student Information, Attendance Records, Management, Grade Management, Course Information, and Attendance Reports. The user's name 'Imran' is visible in the bottom left corner of the sidebar.

Create a simple cloud software application for Students Attendance System using any Cloud Service Provider to demonstrate SaaS include the necessary fields such as name of the students, course, present, Absent, course attendance, OD request, grade, attendance percentage, etc.

The screenshot shows a web browser window with the URL `creatorapp.zoho.in/shaikimrans1235.sse_saveetha/coursecompass/#Form:Attendance_Records_Form`. The application is titled "CourseCompass" and has a sidebar menu with options: "Student Information", "Attendance Records", "Attendance Records F...", "All Attendance Records", "Management", "Grade Management", "Course Information", and "Attendance Reports". The main form is titled "Attendance Records Form" and contains the following fields:

- Student ID :** A text input field with a blue asterisk indicating it is required.
- Address :** A section containing several sub-fields: "Doo", "Address Line Name", "City / District", "State / Province", "Postal Code", and "Country".
- Time in :** A time input field with a blue asterisk and a clock icon.
- Time :** A time input field with a clock icon.
- Attendance percentage :** A percentage input field with a blue asterisk.

At the bottom of the form are two buttons: "Submit" (green) and "Reset" (grey). The user's name "Imran" is visible in the bottom left corner of the sidebar.

The screenshot shows a web browser window with the URL `creatorapp.zoho.in/shaikimrans1235.sse_saveetha/coursecompass/#Form:Leave_Management_Form`. The application is titled "CourseCompass" and has a sidebar menu with options: "Student Information", "Attendance Records", "Management", "Leave Management Fo...", "All Management", "Grade Management", "Course Information", and "Attendance Reports". The main form is titled "Leave Management Form" and contains the following fields:

- Leave request details :** A section containing several sub-fields: "Name" (split into "First Name" and "Last Name"), "ID", "Phone" (with a dropdown for country code and a text input for the number), "Start date", "End date", "Type of leave", "Reason for leave", and "Supporting documents" (with a "Select File" button and an upload icon).
- Approval status :** A section containing a "Status" dropdown menu.

The user's name "Imran" is visible in the bottom left corner of the sidebar.

Create a simple cloud software application for Students Attendance System using any Cloud Service Provider to demonstrate SaaS include the necessary fields such as name of the students, course, present, Absent, course attendance, OD request, grade, attendance percentage, etc.

The screenshot shows a web browser window with the URL `creatorapp.zoho.in/shaikimrans1235.sse_saveetha/coursecompass/#Form:Grade_Management_Form`. The application is titled "CourseCompass" and has a sidebar menu with options: Student Information, Attendance Records, Management, Grade Management, and Course Information. The "Grade Management" section is selected. The main form is titled "Grade Management Form" and contains the following fields:

- Grade details :**
 - Student ID :** Text input field.
 - Course :** Dropdown menu with "-Select-" selected.
 - Grade :** Text input field.
 - Exam type :** Dropdown menu with "-Select-" selected.
- Remarks :**
 - Remarks :** Text input field.

At the bottom of the form are "Submit" and "Reset" buttons. The user's name "Imran" is visible in the bottom left corner of the sidebar.

The screenshot shows a web browser window with the URL `creatorapp.zoho.in/shaikimrans1235.sse_saveetha/coursecompass/#Form:Course_Information`. The application is titled "CourseCompass" and has a sidebar menu with options: Student Information, Attendance Records, Management, Grade Management, and Course Information. The "Course Information" section is selected. The main form is titled "Course Information" and contains the following fields:

- Course details :**
 - Course Name :** Text input field.
 - Course Code :** Text input field.
 - Instructor :** Text input field.
 - Department :** Dropdown menu with "-Select-" selected.
- Schedule**
 - Start Date :** Date input field with a calendar icon.
 - End Date :** Date input field with a calendar icon.

At the bottom of the form are "Submit" and "Reset" buttons. The user's name "Imran" is visible in the bottom left corner of the sidebar.

Create a simple cloud software application for Students Attendance System using any Cloud Service Provider to demonstrate SaaS include the necessary fields such as name of the students, course, present, Absent, course attendance, OD request, grade, attendance percentage, etc.

The screenshot shows a web browser window with the URL `creatorapp.zoho.in/shaikimrans1235.sse_saveetha/coursecompass/#Form:Attendance_Report_Form`. The application is titled "CourseCompass" and has a sidebar menu with options: Student Information, Attendance Records, Management, Grade Management, Course Information, Attendance Reports, and All Attendance Reports. The "Attendance Reports" section is selected. The main content area is titled "Attendance Report Form" and contains a "Report Criteria" section with a "Select course" dropdown, a "Start Date" field, and a "Date" field. Below this is an "Attendance Summary" section with fields for "Total Classes", "Total Present", and "Total Absent". The "Attendance Details" section is also visible but empty.

This screenshot shows the same application as the previous one, but with the "Attendance Summary" section filled out. The "Total Classes" field contains the value "10", "Total Present" contains "8", and "Total Absent" contains "2". The "Attendance Details" section is still empty. At the bottom right of the form, there are "Submit" and "Reset" buttons.
